### Channel 7

**Weather Graphics and Master Control**

20th Oct 2018 - 23rd May 2019

I worked at Channel 7 doing general graphics and weather graphics, before moving on to work in Master Control where I worked to send data between the different stations across the state.

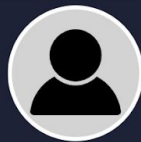

### Tanda

**Developer (Intern)**

20th June 2019 - 16th Aug 2019

During my time at Tanda I helped develop a new page to streamline the process of connecting integrations, and make debugging issues with integrations easier for the user.
